

SHOW US YOUR CREATIVE PROJECT CHALLENGE INSTRUCTIONS

Were you working on an artistic project that was cancelled or postponed due to Coronavirus? Or have you been working on something creative while sheltering at home? Dance, music, acting, singing, visual art, writing...anything creative: we want to see it!

1. Record a video of yourself describing your creative project. Here are some questions to consider:
 - What is the project you were/are working on?
 - Why is this project important to you?
 - Is there anything specific you want the audience to know about your project?
2. Along with your descriptive video, please submit photos of video of the project itself. We want our audience to be able to see what you're talking about! If you'd like to combine your descriptive video with your project video, that's fine.
3. Upload your video(s) and/or photos to Dropbox using the link on the ACT Spotlight page.
